

Ottumwa	Iowa	I want NIELSON to recongnize that it has the power and responsiblitiy to provide samples that are more accuratly. Seeing positive rolemodels can help overcome steriotypes and contribute to the understanding that Latinos are just as human and have the same life goals for their offrings. My dad is a third generation Latino a pastor, two of my brothers are Marines that have served in Iraq and my younger brothers are in College. I will be graduating as a teacher and I cannot identiy myself or my family in a single character on T.V. My hope is that Nielson seems how changes can bring positive results. A in-justice or misrepresentation is a injustice to a entire society.
Phoenix	AZ	I do believe it's important to Properly monitor our (Hispanic's, Latino's etc.) viewing habits
Jersey City	NJ	Latinos ought to be shown as the tradion rich people we are.
New York	NY	I applaud the efforts to change the current conditions of how latinos are portrayed on TV.

Santa Barbara	California	Right on!!!
Philadelphia	PA	More cultural theme programas for Latinos on tv instead of all that tlenovelas garbage you force fed us with.
bartow	FL	MAKE THE CHANGE why only count a simple quanity of certain people do it for all! It would be a great thing to see more Latinos/Hispanics/Mexicanos on our local channels. I have come to notice que nuestra raza isn't noticed or taken as serious as are others. We have to come together and change this. It's time to speak up and make sure nuestros talentos get noticed. I'm tired of seeing few or no Latinos/Mexicanos/Hispanics on tv. Lets please make a difference! Tengo 16 años y me encanta mirando mi raza steppeing up and forming organizations para cambiar como son las cosas. I myself is in an organization (M.E.Ch.A) and I have noticed que la vida no es justo para Latinos/Mexicanos/Hispanics.
Marysville	California	
New York	New York	This is a necessary initiative. American-Latinos are a community, established and growing.
Kennewick	Washington	I am so happy to see Latinos coming up in todays society. Keep up the good work! I've been promoting this issue for over 10 years as a writer, Internet Radio DJ, and Mental Health Professional. Count me in!
Sylmar	CA	I am in favor of anything that will allow mainstream to realize that, the latin culture in the USA is highly diversed and generalization no longer has a place on today's global economy. It's time for them to wake up and smell the marketing segmentation numbers. Either they wise up or they will loose up on the long run.
Gilroy	California	Cesar Founder of Brasilmagazine
Bloomfield	NJ	when we say nativity, native to what? Indigenous to whom? Check your maps and know they need us and we don't need them. Remember G_d trusted his planet Earth to the "Divine People" Adelante Arawakenos

Saginaw	MI	i believe with the growing number of other ethnicities in the northern americas, there should be visible diversities in the media.
Sacramento	California	This is completely unacceptable and unfortunate. There needs to be a change.
West Covina	CA	A change is definitely needed. Thanks for hearing us.
San Francisco	CA	excellent work. i've been down this path already...glad to see more folks joining the cause.

We strongly support the effort being made to change how you monitor our tv viewing habits to count ALL in our diverse population.
Hanford	CA	SI SE PUEDE! I am very aware of all that is involve in the television/movie industry. I was born in this country USA, but we have NOT yet been represented 100% the way we should be, Eva Longoria in "DESPARATE HOUSEWIFE'S" is NOT sufficient representation for American Latinas like myself. I refuse to settle for less!! What can I do as an educated "life experienced woman" for your program? "Come on give me a challenge"! I want to be part of advancing the latino talent in this great country!! Get in touch with me!!
Austin	Texas	I'm a latino songwriter/composer and support this cause! I'm from the U.S.A, but parents are from Mexico. I write songs for the people, as well as for immigrant rights! Check me out on myspace.com/chrismeza602

La Mirada	CA	We need to show all the colors of the rainbow on TV and count their opinions. I am 3rd generation Mex-American. I have watched more English than Spanish TV as well as the rest of my family. Numbers need to be more accurate. maybe that is why The George Lopez show was cancelled and others.

BRONX	NEW YORK	yes please
Heartland	Texas	Where do I sign?

Rockford	Illinois	I'm African-American, but it still hurts to see such racial discrimination, after all this time. Have Americans learned nothing?! Bridgeport	CT	I AM SUPPORTING OUR LATIN RIGHTS!
San Antonio	Texas	Let's see more Latinos on TV, and we're not talking more maids and janitors...
San Antonio	Texas	I love that now there is a tv show for American born latinosaurs! We're from Donna,Tx and do agree with your comments about how were being overtaken by the Mexican culture and ignored as to who we here in the U.S.A hispanics are being ignored. We presently are selected in what our family watches on T.V. and try to instill who we are, our culture and tradition and what it means to be a hispanic and a citizen of this great country U.S.A and this great state of Tejas. From this family of Tejanos we wish you success in the fight against this representation!
Donna	Texas	I agree we need to have our views counted for. I did not know this about nielsen. I have a close friend that supervises employees and will ask him about this.
Stockton	California

new york	New york	its important to change the way we are seen on tv!
bronx	New york	change tv!! change tv!!
bronx	New york	Help change tv
Kerman	California	It is absolutely imperative that Nielson change is methods of sampling Hispanic populations. As a Mexican-American I speak fluent spanish, however, I only watch English language shows e.g. Seinfeld, Boston Legal, 20/20, etc. In addition, there are millions more like me that are hispanic that don't even speak a word of spanish. This incompetence at Nielsen needs to change immediately. I WANT SHOWS THAT TARGET LATINOS BORN IN USA AND MORE SHOWS WITH LATINOS IN A POSITIVE PORTRAIL. INACTION BY NIELSON, WILL THEN CHANGE MY FOCUS TO THE SPONSORS AND THEIR PRODUCTS.
Round Rock	Tx	LATINOS ARE CURRENTLY UNDERREPRESENTED IN TELEVISION IN MANY ASPECTS. WE NEED MORE LATINO/A'S
Yakima	WA	It's not right that we see only Anglo Americans and African Americans on television and movies such as doctors, lawyers, police chiefs. When you do show hispanics, it's usually a cleaning person such as a housekeeper or gardenar or criminal. What doesn't this teach our children? We definitely need roll models for our children.
WEST COVINA	California	

cedarhill	tx	latins rule!
las vegas	nevada	Latinos are under represented on tv. There are few Nielson families that are latino and things need to change. I was born and raised in Puerto Rico, yet I don't watch spanish language TV because of the overabundance of "Novelas". I watch mainly Prime Time Shows on Anglo TV channels.
Lake Alfred	Florida	"Novelas". I watch mainly Prime Time Shows on Anglo TV channels.
brigantine	new jersey	be more receptive to the latinos' feeling and views.
Paterson	NJ	i want more Latino shows on English channels
Laie	HI	just helpin la cultura
astoria Berwyn	new york IL	A community of diverstiy needs to be portrayed in the media as such CHANGE TV! IT NEEDS TO BE DONE!!!
chicago	il	We should also have Latinos be part of movies shown on theaters like "under the same moon".I really enjoyed going to the theaters with my parents to see a Spanish movie.
Aurora	CO	I am all for hispanic viewer info, the world is not black and white!
Burbank	CA	you should change the methods of sampling TV, to include everybody
Milwaukee	Wisconsin	Latinos are the largest ethnic group in the United States. There MUST be respectable representation of our people to break down barriers and stereotypes!
Houston	TX	I have a white step daughter and a half mexican, half white son. I am very aware of the horrible stereo types that my children see on tv and it disgust me. My children live with their mother but when they come to see me I dont want them to think about me the way the media portrays Latinos. Something has got to change!
Norwalk	CT	I am American born with Geman decent. I speak only english and enjoy American Latino's programming. So does my wife and step daughter who immigrated from Bogatá Colombia! Nielson's attatude sounds like they take this as a joke AND money out of their pocket if they reflect real numbers. Wake up Nielsen!! You are out of touch with the reality of TV viewers and are just a antiquated system that should just...GO AWAY!!
Buffalo	NY	The Latino communities are growing they are a young population and full of talent. They deserve to have the opportunity to be represented in a professional and positive manner. Open the doors so that they can add color and flavor to what currently exist.
Bayamon	PR	Get rid of Nielsen, my favorite shows like Jericho, Journeyman being cancelled where there is a huge following.
san antonio	tx	great its about time
san antonio	tx	let me know what I can do

green ville	TX	viva Mexico y mi raza los Mexicanos
commerce	TX	viva Mexico y mi raza los Mexicanos
Houston	Texas	no junk email; Nuts to Nielsen. I was not born in the U.S., but I have been living here since I was 1 years old. I believe that the media only caters to people which reflect positive or negative stereotypes, which leaves me with hardly any options when it comes to music, movies, or any other kind of entertainment. Not all of us like or care to watch "Sabado Gigante".
Redwood City	California	
Las Vegas	NV	I want to help change the stereotype on the American Latino race FINALLY!!! How refreshing to see that this is issue is finally being addressed. My family heritage is MEXICO- which I embrace with much passion and pride but I am US Born Latina. Father worked in a local cannery-over time, double time - to see that I had a private education - yes I WANT MORE LATINO T.V. in the MAINSTREAM - we as a hardworking PASSIVE culture can no longer be PASSIVE. Let's STAND UP UNITED to see that our tax dollars that we have contributed to the U.S. of A. are distributed to engage the US Born Latino People - WE'VE WORKED FOR IT, WE'VE PAID FOR IT - LET'S EXERCISE IT - OUR VOICE!!!!
Stockton	CA	NOW.....NO MORE PASSIVENESS i would realy like to see more of a hispanic influence on our nations tv it only seems right that we get the respect that has long been due seeing that over half of the nation today is hispanic in one way shape or form we are no longer the minority nore have we been in some time sooner not later you shall see what was missed and will cry out that we help nand maybe we might or should we wait around like you have been in the progress of ONE NATION UNDER GOD!!!!
lawrenceville	georgia	
Incline Village	N.v	If theres Any thing else I can do please let me know
wright	arkansas	leave the latinosaurs alone I am happy to find out that someone has finally taken the initiative to start a petition and help others recognise the importance of putting more latinosaurs on english language television. Acknowledging the hispanic community by have univicion and telemundo is not enough, what about the latinosaurs that are raised in the United states, how are we being recognised? it is not enough to say that we have speceific spanish speaking channels. What we need is to be more involved in the english language television channels.
New York	New York	
Bronx	NY	Born in the US and nationalize in US, we are still Latinos!!
Frisco	TX	why isn't LATINATION on (so called FREE TV) provided by Comcast or Roadrunner in the Dallas area.

granada hills	ca	there is a lot more to the latino culture than people who arent latino realize.they wouldnt know that however the only latino show that they are probably aware of is the george lopez and thats it.seriously,thats it!i am currently working on a television pilot that deals with latinos in a dramatic setting,and shows how not only are u.s. latinos are different,but how we treat latinos who are not from this country differently also.bottom line,WE NEED MORE LATINO SHOWS ON T.V,BECAUSE WE HAVE NONE!
new york	new york	Kabbala and OD Squad Production support all and everyone one of you. Thanks
Astoria	NY	This is great!
Jersey City	NJ	Times need to change. It should not be up to just the hispanic channels to have hispanic people on. Digital tv is changing the way we broadcast, why not change what we watch?
Beach Park	Illinois	Nielsen surveys should be proactive and get with the times, and follow the lead of all of the businesses and corporations that are embracing the Web 2.0 standards that are being set today!
		I will support this cause.
Cicero	IL	US Hispanics are not homogenous
Raleigh	NC	I agree
wyoming	Michigan	I am a Latino American and i fully support this cause, Latinos are also a part of America and we need to speak out more. New York City	New York	It's the right thing to do for more fair representation
VALLEY STREAM	NY	This is definitely a main issue that we have today in the mainstream of T.V. programs and I'm happy someone choose to stand up for this unfairness.
jersey city	nj	integrity over profit.

HOUSTON	TEXAS	IATINOS COMPOSE A LARGE PERCENTAGE OF THE UNITED STATES POPULATION! LATINOS OUTNUMBER ANY OTHER MINORITY GROUP AND PROGRAMMING NEEDS TO REFLECT THIS!

Sacramento	CA	Let's stop the negative images of our people
Sacramento	California	I thought that I was the only one who thought that it was weird that Latinos, no matter their heritage are portrayed as maid, gardeners, or cuchi - coo girls.
Garden Grove	California	It all starts with Latinos that are true we have a voice! let it be heard What the Nielsen Media Research is doing Needs to be corrected because the division between U.S born and not U.S born is an important issue based on what is common in my world being stereotyped because I'm an American born Hispanic

I hope this petition encourages Nielsen and the broadcast TV networks to not only include more Latinos on English language TV programs, but also to encourage more quality Latino-themed programs that depict our ambition, accomplishments, values and culture positively, rather than perpetuating negative stereotypical images of Latinos (i.e., Spanish-speaking immigrant laborers, drugdealers, criminals, gang members, poor, and/or the sexploitation of beautiful Latinas, etc.). long Beach	new york	We need this change. I have been in the U.S. for about 50 years. I went to school here and since my young days I listened to english broadcasting radio such as KFRC - KYA - and KCBS. I have also watched english broadcasting television and I keep wondering when hollywood producers as well as broacasting companies are going to hire hispanics and introduce english speaking programs within the english chanel with hispanic actors, comedians, and or other media employment, the same way they do for african americans. T.V. should not be all but hispanics. Please encourage me to patronize your english TV chanel by hiring more hispanics. I do not patronize companies that do not employ all without prejudice.
Livermore	Ca.

Escondido	Calif	I'm Mex,&Fip. Not Hispanic-Latino. I find this to be,not right.You don't like being call a MEX, so than you call yourself, hispanic or latino. My Gdad, Gmother, hate being call hispanic or latino! And there fr. Mexo. I'm 4=.Thats why' I'm US RANGER. Sgt.Monticalvo, out It's long overdue that Latinos are properly represented and recognized on American television. Nielsen, do the right thing. It's bad enough that African Americans have had to fight the same fight. "Minorities" are the backbone of this country. That strength and intelligence needs to be shown and recognized by the ratings of the quality films and programming we just don't have enough of because they are not rated fairly. Do the right thing, Nielsen.
Antioch	TN	My name is Ismael Lopez and I am requesting to Jack Loftus, Vice president of Nielsen Media Research to take steps to change it's method and ways of manipulating television to portray hispanics in a way as to hurt them and cause friction between them and other races. I am a 60 year old Korean veteran and U.S. citizen. I have been a foster parent for over 16 years for over 300 kids for the alameda county and never have I treated any one different than the other regardless of race or origin so I am asking you to do likewise. thank you

Newark	NJ	I absolutely agree that the depiction of Latinos on mainstream television must change. It is time for CHANGE! latinos are as diverse as nay other population, both in tastes, careers and lifestyles. WE AINT ALL DRUG TRAFFIKERS!!!!!!!!
Brooklyn	NY	We need to see more black Latinos on TV. Black Latinos also plays an important part of the cultural make up of this and every society. From TV shows to Broadcast News the positive impact of black Latinos is virtually absent from mainstream TV. Here is example of a story; I believe should get some reconnection by American Latino TV: Hanshi-Ricardo Johns is noted worldwide for training and mentoring martial artist from every demographic with the traditional style of Shotokan Karate-Do. Hanshi-Johns founded Dia-Ichi Karate-Do in 1980 with the purpose of promoting and fostering a sincere brotherhood amongst comrades of BUDO. Hanshi-Johns commitment to martial art began in the Canal Zone of Panama where his was born. Brooklyn	New York	We need to Represent Latinos More soo we can learn More. I was watching american latino when the comercial of helpchangetv.com came on, i havent fully read the whole web site. But i fully agree that there are B.S. stereo types on TV. No offense to my stereo type brothers. But the comercial and half of what i read makes really good sense and agree without needing to read and explore the whole site. Good luck and change TV for us U.S. born Latin Americans baby. well im outties A.
Los Angeles	California	Down, proud and brown to the bone A.
west covina	ca	perceptions play a main ingredient in racial notions Love your show. Latina women in particular are exploited in such a disgusting way on television. We have to make changes for our younger latinas to come. 60% of latina girls are pregnant by the age of 20 and we ask ourselves why? BS!
Chicago	Illinois	We have to do something now!! No one is going to fight our fight. Stand up! Speak up! Make a change! I really feel that as a bilingual American born Hispanic, this issue affects us all. It's not good enough just to have Hispanics on TV but instead like mentioned on quality TV that can reflect the diversity of its viewers without the offensive manners current and old TV had done for us. It would be great to get more people interested in helping bring this attention into the light and know that something can be done. Thanks for all your help in making a difference Help!ChangeTV.
Dallas	TEXAS	I would like to see more latinos on tv viewed as educated and professional in the corporate world, not the guy cutting the lawn for the company or working as a janitor. My wife and I are both latinos and we both have our masters degrees and we are both teachers for Richardson Independant School District.
Richardson	Texas	

San Antonio	Texas	I am thrilled that a petition like this exists. During my senior year at Texas Lutheran University I wrote my senior thesis on the Portrayal of Latinos on Television. I agree that we need to be reflected on television-in a positive light...not only the same stereotypical roles. Thanks to those who are working hard to push this issue. I am behind you 100%. I will definitely forward this petition to my friends! thanks again....
bronx	ny	Just wanted to give my support. I'm an american cuban 24 yrs old woman born and raised in miami beach florida. And I just as easily watch the discovery channel or HGTV to watching a novela on telemundo or the news on primer impacto on Univision. And I'm not gang member, maid, or statistic.. Hispanics are the future, as spanish folks adapt and adjust to the "american world" I say to those who oppose adapt and adjust to us, times, music, history, and the world changes So Get Used To IT!!!

Denver	Colorado	Please understand that more Latino/Latino representation in television is necessary to inspire our youth to succeed
Middle Village	NY	Ecuadorian/American representing the latin community
	NJ	There is such great Latin talent out there; let's start showing the world!!!!
Manhattan	ny	Its time 4 a change!! It's been about six years that I tried to tell my clients that Nielsen and Arbitron were both flawed in their reporting. Now, finally someone is allowing me to prove what I've been saying for years. Please keep me informed and allow me to help in whatever way I may. Eduardo Eduardo Alberto Marketing-Consulting
Benson	AZ	I believe that Latin-Americans are highly under represented on tv. When we are represented we're viewed as lazy immigrants that can't speak english. Well I do speak english and so do most Latins in the U.S. I want to see someone who represents and looks like me on tv, a brown Latin-American!

Chicago	IL	I'm a student at the university of wisconsin-madison, and i'm wondering if there is any way that I can help w/this initiative by promoting on my campus? I am tired of the media negatively portraying the different races and ethnicities that compose the UNITED States of America. Hopefully this petition will raise awareness of the negative representation currently presented.

Raleigh	NC	There is great latino actors but the stereo type of a lation on TV needs to change. I LIKE TO SIGN THE PETITION ON CHANGING TV,THE HISPAINC CULTURE IS AND HAS EXPANDED IN NATIONWIDE AND WE NEED TO FEEL FREE FROM THE GOVERNMENT TRYING TO STEP IN OUR DIRECTION AS WE EXPOSE OURSELF IN TV WORLDWIDE,THINGS NEED TO CHANGE FOR THE BETTER.THANK YOU
PROVIDENCE	RI	Latinos need to be more accurately and positively represented and portrayed on television. We are the largest growing minority group and it shouldn't be ignored! We're Americans too!
Staten Island	NY	Nothing Get's Done without Latinos In NY Support the Movement Help Change TV
NYC	New York	
Waco	Texas	How can we move up if in society if we are constantly given negative images about ourselves on television? I believe in this movement here and can honestly say i feel rasicism everyday just watching the roles that latinos are given in TV in these times, from the gangbanger to the white guy that kinda looks latino playing a latino, its insulting and almost hillarious!!
Fontana	CA	
salinas	ca	more raza on tv !!!
New York	NY	Things need to CHANGE! I think this is a positive thing this organization is doing. We also need to change the fact that Latinos are being portrayed in all types of negative ways. For example, Latinos are being portrayed as Drug Dealers, Convicts, Gardeners, and Housekeepers. This is real tired and actually insulting to us.....so we need to make a change in both Spanish and English speaking Networks!!!
Fort Worth	Texas	
SANTA FE	CA.	VERY MUCH CONCERNED

los angeles	ca	anything inline for African americans with the help programs
lynwood	california	this is a great movement and the hispanic community really hopes this is a succes Ugly Betty and George Lopez aren't enough, when are we going to see a Latina as a superheroine, a detective, an athelete, a rock star?
Nesquahoning	Pa.	We Are, We Do, We Conquer.

San Diego	CA	I think television should be more open about different diverse as well. Not just latino, filipinos. We all are americans, not just the caucasions. I think there are a lot more different races that have a better professional than I have seen caucasions have. This is all our nation not just one race! Time has changed, people in tv need to grow up and get over being racists. La Raza is here, we are not going no where. We WILL make television a better thing to watch. Little by little it is changing.
Arlington	Texas	I'm signing the petition for a better future.
Brooklyn	NY	We should have more hispanic shows with positive roles. Latinos in television don't represent all the latin people. There needs to be more positive roles that portray the real Latinos and how we really live. Every race has there negative issues and that doesn't mean that a minority needs to always play that role.
Bronx	NY	Latin woman are very passionate and sexy BUT we can be immensely intelligent, very soft hearted, beautiful humanistic and rational thinking people. Latins are white mixed with Europeans or Indian Mixtures. We date white and European people (not just Black people as TV/Film always portray!). In addition, Hispanics are from the islands that make up HISPANIOLA/CENTRAL AMERICA region. They are mixed with black, Spanish, Puerto Ricans and Indian mixture. And we can be articulate not hellish, street ghetto trash!! We have aspiration of doctors, lawyers, teachers, athletes and believe in God!....we are very human. Other reiligions are NOT THE ONLY ONES THAT ARE PEACEFUL, SOULFUL or HUMANISTICS
Redwood City	California	We need better representation of latinos in the media hope this helps
concord	ca	I live in the outskirts of San Francisco and therefore I am interested in diversity in tthe television programs I watch. I want to see more latino actors, who are reflective of my world too.
Houston	Texas	Latinos should be considered for major roles on prime time TV and stop stereotyping them as just gang members, maids, gardeners, etc. It's the right thing to do. After all, we are Americans too. It is the way that Latinos are portrayed on television that makes an impact to other people unfamiliar with Latin American people and culture. Media, being the main transporter of information, should be careful with how ALL people are portrayed.
Denver	CO	Why are there so few real hispanic programs on? George Lopez did not represent hispanics but showed what americans would like to see hispanics act like. He totally sold out his soul for his success.
Midland	Mi	There is need to see more Latino's on TV. We are under represnted!
JERSEY CITY	N.J	WE SUPPORT THIS MOVEMENT
Midland	MI	I don't watch sitcoms unless there is a latino as a main character.

Los Angeles	California	Hey mi gente, I was wondering if maybe you guys can do something on belizean's. I see that all latin countries are getting respect but nobody ever make belicenos known and belize are in of central america.. I think alot of people should know about us and our latino/caribbean culture and the great punta music and dance. can you guys make this happen?

Detroit	MICHIGAN	
Rohnert Park	CA	There need to be more television shows targeted at ethnic groups. Having to discuss with Nielsen for 3 years something so basic to every person, (watching TV!) is in itself a clear aberration of their functionality. The simply are disfunctional and apparently proud to be so! Ya tu sabes ... desconectalos! Maya @ MHB
Brooklyn	NY	We need to educate people on Latinos and stop the stereotypes. I work at a clinic where the majority is Caucasian and I'm one of 2 Latinos! Some of my co-workers wouldn't know the difference between a Puerto Rican and a Dominican. Things need to change and it starts with what we see on television.
Manchester	Connecticut	
Overland Park	Ks	no more shows about crimes, especially rape. RAPE is not entertainment!!!!
hattiesburg	mississippi	as a african american i think all people and tv . Should be equal I Fully support the idea that there should be more English speaking Americans of Latino/Mexican descent on American T.v. Channels.

Albany	Georgia	It's all true

Corpus Christi	TX	I REALLY BELIEVE IN LATINAS BEING ON T.V WHETHER IT BE REPRESENTING FOR THEIR HERITAGE SHOWING WHAT THEY LOVE TO DO BEST -SPORTS,FAMILY,WORK,CHURCH OR ANYTHING SHOWS POSITIVE FOR THE LATINO/LATINA HERITAGE. ROCK ON LATINAS WE RULE!!!!
Yakima	Washington	Latin American descent people are severely underserved and misrepresented to a vile and cruel extent!
New York	New York	Can we change the cover of record albums too?
Pasadena	Texas	I'm Mexican-American, and i'd like to see more programs like The George Lopez Show!
ridgewood	ny	Latinos are the most and fastest growing minority; they have even surpassed the black representation in the United States. Therefore, there should be more shows that represent our culture and lifestyle. We are grossly under represented and misrepresented as a collective latino group. However, we have many cultures and sub-cultures under one language which makes it a little difficult to cater to us. Our dilemma is not unlike the asian communities. The battle really starts with attaining the finest film, t.v and playwrights from our collective community that can deliver quality drama, comedies documentaries etc... to really break the walls/ borders down. They're all borders when you look at it plainly. Anyone remember Freddy Prince's "Chico and The Man". We've come along way since that degrading show. It really undermined Freddy's comic genius. Good luck with the cause. We have so many more.
Tampa	Florida	
Denver	CO	Change TV!
Sacramento	CA	TV with representation increases #. You know you can have the ratings, please include Latino artist and performers. Thank you.
BRONX	NY	THANK YOU ITS ABOUT TIME WE NEED TO UNITE 1 MAY NOT MAKE A DIFFERENCE BUT TOGETHER WE CAN CHANGE THE WORLD LATIN LOVE UNITE Everytime I watch a tv show, its always the same script different actors but always same average American, and I can never relate. I want to for once watch a tv show and that it relates to my life, life as a Latin-American.
Houston	TX	
Bergenfield	nj	I am fed up how liberal hollywood/tv industry portrays hispanics in america. I currently live in a border town and of course I am hispanic. Majority of the population is of the same ethnicity, it hurts me badly to see that we are being underestimated. When I watch t.v. we are, like you said, the gardeners, cleaners, etc. and this must change, we are being "put down", "held back". We should not be treated this way, we may have an accent, or come from another place, but we breathe the same air in our lungs. Why should we be spoken down to, its time for a change! I accept everybodys differences and demand to be treated as an equal!

chicago	il	It's fabulous that The George Lopez show has run for the last 5 years!!!! at the same time it's a pity that it's the only long running Hispanic show!
Lansing	Michigan	I think this show needs to be shown more often to educate as well as entertain more young kids as well as adult, I love the show keep up the good work!
Fairview	NJ	Lets Focus!!!!!!!
Escondido	CA	I am sick of being portrayed as a maid, baby sitter, prostitute and insignificant worker. I am an educated, culturally aware Mexican - American woman that wants to see Hispanic women as CEO's, Docotors, Layers and in strong leadership positions that reflect the reality of where they stand in society. As George Lopez said when his show was canceled, "TV just became a lot whiter." This needs to change. There is a whole generation of American born Latinos that are not represented in American culture, and is the time that they are heard.

YUMA	AZ	
Middletown	CT.	We are now a majority, that should be reflected in entertainment and media. Thanks for seeing the need. I have been telling my friends about this for the past ten years but never really doing anything about it. I used to live in So. California and TV seemed to always leave out the latino like we are outcast. If there is anything else I can help with in getting things started (petition)over here in Tampa Fl. let me know there is a lot of Latinos over here. Thanks

West New York	New Jersey	please properly monitor viewing habits of U.S. born Latinos! It seems unthinkable that after all this time we would be ignoring such a large part of our population. We're here....we count...let's participate
Los Angeles	California	
Houston	Texas	Mad they cancelled The George Lopez! Let's show them we do count!
Miami	FL	It is important to keep track of the viewing habits of US born Latinos and have them properly monitored.

Pomona	CA	Thank you for your work in this struggle
Brooklyn	NY	Change the course of history, change what and who we see on TV. I'm tired of seeing the same people on TV...White, rich, and privileged. I guess nobody else exists. Please change the stereotypes portrayed on TV about latinosaurs. I am a Latina with a Master's degree in Business and I do not watch Spanish TV. I do speak Spanish fluently; however, I do not care to watch the shows offered on Spanish television, as it does not interest me.
San Jose	CA	
Hamton	Virginia	Thank you for your efforts in promoting our culture. I hope there will eventually be change, because it brings much intelligence to people, all over the United States, with positive information! That is necessary because ignorance is ugly!
Manhattan	N.Y.	
Harlingen	TX	I don't watch spanish television!!
Miami	FL	Change the methods of sampling Hispanic-Latino Population!
Queens	NY	Our viewing habits count Nielsen!
roswell	new mexico	i feel that there are just as many talanted hispanics as there are in other nationnatilies. I'm dissapointed that we even have to take these measure. It's quite obvious the importance of having properly analyzed the viewing habits information on U.S. born Latinos. I support you in your mission. Best. Mr. Jack Loftus, please review it and change the sample and properly monitor viewing habits of U.S born Latinos
New York	NY	
katy	Texas	Hello, I am a U.S. born male of Colombian parents and I rarely to never watch spanish television.(I speak, read fluently) I actually believe that the stations produce television that does not promote any serious programing, but that is another issue. I would like to see Nielson change their methods in order to define a very specific consumer which is the U.S. born latino whose language preferential is english. But we are different from white/African Amercians and immigrants, in that we are bi-cultural.
tamarac	fl	

Winchester	Ca	This is true, I'm a 3rd generation Mexican American, and I don't speak spanish nor do I watch spanish speaking television (I don't understand it) - although I wish to someday learn to speak spanish because I fell it's apart of my "hertitage" . I haven't seen any shows that reflect my upbringing as a mexican american english speaking citizen and would be nice to see more shows that reflect more of the diversity and equality of english speaking hispanic citizens. I think Carlos Mencia (he speak's spanish) best described this as a joke where he said quote on quote "For all you white people, let me tell you there are two types of mexican's, ...I'm not the mexican you see at Home Depot saying {he speaks in spanish real exaggerated and funny" } then he goes to sing something in spanish, he then say's I'm not that mexican, I'm this this kind of mexican {he hmms the english 80s disco song "Two of Hearts" } - the crowd laughs...
Costa Mesa	CA	Indeed, our collective efforts in this effort is LONG overdue. Please contact me, if I may assist you in any way.

berkeley	california	I want today for a better tomorrow a fair a realistic TV programming showing how pride american-latinos we are. We are ALL americans, north, central or south, we are all americans!!! Well I usually lately haven't been watching tv shows not really due to this but I forget when the show is on. TV is lately is fake.I stoped watching America's next top model not only because I lost interest but there were more blacks and whites than latino's on the show. There are more shows about the drama rich white people than the real people who are majority of this nation ..the middle class.Plus I'm tired of other Spanish people thinking that if you don't speak Spanish than your not latino.There are people out there like me who didn't have their parents learn them Spanish when they were young.That's why I stopped telling people I'm latino because they automatically assume since I'm light skinned that I'm white which is part true but I'm majority of hispanic descent.If there could be more shows on the CW with black people than there should be shows with hispanics too.Not only showing them doing bad things but there are a few young people like me who are outside the norm of today than you have to be down.I believe you have to be up with your education and be out there making a positive influence not only in your life but in your community.That's why I'm above the influence and why more Spanish young kids need to get out of the norm of being ganster because in the real world it doesn't get you anywhere.Spanish people all need to be more involved in their communities and be aware of the impact that you can make with just giving a helping hand!Join the Kiwanis family today!! was part of Key Club (for high schoolers)now I'm in Circle-K making a difference not only in my life but those around me!Let's step up Spanish pple and make a difference!

chicago	Illinois	Can I et a TV spot to put on my show? Im sick of seen all the army commercials on tv while american latino and latination I think we need to change the way the us public thinks of us Hispanics and let them know that we are more than what they believe us to be a bunch of non educated hoodlums. orlando	florida	
Cumberland	Maryland	I Agree With The Petition! I ask that Nielson simply sample the Hispanic American community if a fair weighing in accordance with its population ans spending patterns. We spend a higher percentage of our income that any other group in America and the advertisers need to know that.
Mountain View	CA	As a Latino born outside the USA, I have worked from a point of zero, like everyone else embraced by the American culture, to an early self prepared entrepreneurship, stating both a leadership and a positive change within myself, to influence and encourage people, not only Latinos, to a better world through my work. Because we, the youth are the future of tomorrow. And Hispanics are a big fraction of the economic power and workforce of this nation. Latination is one of the few shows that need to maintain play on TV, because it brings the people to what our culture truly offers. Real people with dreams, with passion, and love for others, instead of negative imagery and sad stories.

Brooklyn	NY	I am a U.S.-born Latino and I watch English-language television almost exclusively. Sadly it still seems to be the case that Latinos and Asians are still underrepresented and stereotyped in the mainstream media. A more accurate ratings system sounds like a positive step that is long overdue.
El Paso	TX	We are the larges minority in the US yet we do not have the representation on TV or Movies. What will my children say.
Harlem	New York	The more divsity we have on Television the more young people will learn other culture's historys, strengths and values
ISABELA	PR	Public television in PR does not have too many good programs, it would be nice for people who cannot afford cable tv, to have good television programs with a rabbit ear antenna...I think it would be greatly appreciated...keep up the good work

Turlock	California	I was not born in this country but was raised here in the U.S. and am now a citizen. With all due respect to Nielson, they need to stop the practice of invalidating Lations viewing patterns immediately. Because we 're not stereotypes, we're all very diverse and have interests in many different things portrayed in the print and television media.
Kerman	California	Latinos y Latinas need better Latino/Latina role models. so a change in tv would help allot if they do sumthin about it. Most kids now a days just listn 2 no sense music & crazy stuff on tv, the world could be a better place if Latinoism was in a better spotlight, if u know what i mean.
Rowlett	tx	Yadira Garcia is the most outspoken and intelligent young woman I've seen in a very long time. She is an excellent role model for young latina women and it would be imperative to see more of this wonderful passionate speaker on Latino issues now and in the future.

New York	NY	I'm tiered of flaky TV -non representative of us, while we are fed want-to-be fantasies of idiot attitudes and pipe dream "reality"? shows!! Ha! Get it right!
Paradise Valley	AZ	As a Latina who does not watch Spanish language TV it is insulting that one Latino show on the networks should be considered enough. We are not all watching Sabado Gigante, and many of us who are third-generation like myself do not speak Spanish at all. Nielson must rethink how they collect their data on Latino families. It's skewed quite unfairly and its numbers are just plain wrong.
Santa Monica	CA	Saying that there are too many Latinos in TV is like saying there are too many Jews on TV. Of course that won't change. How about just being ethically fair? It's not a hard concept. The George Lopez Show was a breath of flesh air compared to all of the stereotypes that are portrayed on TV and in movies.
Queen Creek	Arizona	It is about time
Lancaster	Texas	I agree we need to see more Latinos on tv & not just in minor roles, but more important roles.

GREENVILLE	SOUTH CAROLINA	It is about time they start to realize that many Hispanics in the United States were born here and speak English well, with that said, we are still Hispanic or Latino. We would love to be represented in Mainstream television, just like other minorities, keep pushing, there are plenty Hispanics behind this movement.
Los Lunas	NM	GOOD INICIATIVE I WANT TO PARTICIPATE TO RAISING SIGNS

Chicago	IL	It would be so wonderful that my son of Puerto Rican, Cuban and Afro American decent born in the U.S. would have shows such as Mr. George Lopez's that he will relate to on so many positive levels. Hey, the Cosby show was great to grow on but I had always wished I had a television series in English starring an all Latino cast that I could relate to as a child.

San Deigo Chicago Goliad	ca IL TX	I have been talking about this for a long time. Why are Latinos invisible or servants on TV??? U.S. born Latinos come from a multiplicity of experiences and should be monitored for their viewing habits. Changes are definitely needed in monitoring viewing habits of U.S. born Latinos. He looks forward to a "FAIR" shot at making it as a professional actor. With such a high percentage of latino's in the united States and gaining at such a rapid pace, why is it that all I see on television is maybe one latinio (if lucky) per show? ESPN-CNN-FOX-CBS- ABC-NBC-CBS-CNBC-HDLN-Bloomberg-MSNBC-COURT- etc,etc.....All Have White,BLACK,ASIAN reporters,anchors and technical communication staff workers. The english speaking Hispanics do not even have a camera person employed in these institutions. I am a retired NYPD high ranking Supervisor. I have seen institutionalized racism. The exclusion of Hispanics(like my self) after 80 plus years in the U.S.A. speaks loudly of covert Racism that clearly exist in the English speaking above mentioned media. although there are stations devoted to the spanish speaking public, there are many latinosaurs like myself that would like to be represented in the english speaking market. i would like my children to see these shows with people like them who come from latino backgrounds but speak english as well as or better than spanish. i would like to see that when one latino is taken away, he/she is replaced with another that is just as qualified.

 Latinos are the head of this nation not the tail end.

Seeing accurate representations of Latinos on television is not only necessary, but inevitable. The majority of the population in the United States is projected to be Latino in less than ten years and it's about time we start seeing our progression as human beings on tv!

Morris Plains	NJ	<p>With such diversity with the latino culture it is unfortunate that it is not represented more in television. Further trouble some is that fact that all Latinos are labeled as immagrants when there is a large population of Puerto Ricans who are in fact citizens and most disproportionately targeted in movies as drug dealers and further not represented at all in main stream television. The only hispanic references tend to be mexicans portrayed as service staff. The answer is not to create a "latino/ hispanic" tv show or station as in UPN 9 for african americans but to intergrate the various roles we play in society and diverse professions and to respect the diversity within the cultures.</p> <p>Although I am not Latino being an African-American I fully understand the hurt and feeling of degradation after watching a movie with your race playing a drug dealer, stripper, bumb, drug adict, criminal, etc. You rarely see the role of a successful African-American played on T.V. and I believe that it is a misrepresentation to future generations. Therefore I fully suport this petition.</p>

		Please change your method of sampling Latinos. We (U.S.-born) are the majority, and that should be reflected in your research. Currently, you list the top shows for Latino viewers as Spanish-language telenovelas. Out of my entire extended family and most of my friends, very few of us rarely, if ever, watch Spanish TV, and many of us don't even speak Spanish. This, to me, says that something is very wrong with the way that research is being conducted. It can't be accurate unless you take nativity into account.

There are just as bad reps. on other cultures why should ours always be a negativve and the others positive. This is suppose to be the nation of equality yet they always seem to put up that invisible border of racism.

I hate watching previews of new shows of upcoming seasons, because I have always been discouraged to see that it's just another sitcom or drama series about another white man or white woman. I was born and raised in America and have longed to see a show that reflects me. It has been almost 20 years since I've tuned into primetime tv until "Ugly Betty". Thank goodness somebody was smart enough to realize the potential such a show has to untap a whole new market of television viewers like me. Hello? Hasn't anyone paid attention to how well this show is succeeding amongst hispanic-americans? America has changed and it's time for tv to reflect these changes. It's time for tv to move at this speed and let go of the past. Life is not just black and white.

those ratings are very one sided, I'd love to see an effort to properly relfecty latinos and other american people of color

We as Latinos deserve to be represented a lot more and in a proper manner on English TV.

Latinos should be viewed in the English-language media as positive role models and future leaders in the world of Music, Television, Sports,etc. As a African-American female, i respect all Latinos for their cultures, music,movies,etc. It is a disgrace that the media of the English-Language has to portray Latinos as thugs, drug dealers, gang members,prostitutes,etc. when all of these things are not true. Latinos are hard-workers that sacrifice the everyday things in the world that are taken for granted. Spanish-Language television should be introduced to every Latino household for enjoyment and educational purposes so that they can get in touch of their culture,etc, So yes it IS time to change how Latinos are viewed on Television on the English-Language and Spanish-Language Market! And also bring Spanish-Language television to Lations all over the United States.

		I am tired of how hispanics are portrayed in movies and on TV. I am tired of the lack of hispanic actors in movies and on tv. From watching movies and TV, some one would rightfully think that the hispanic population in the United States is only a small minority not worthy of being represented in movies or TV. I am a Latino educator from the San Joaquin Valley in Fresno California. I have been in education for over 30 years and I still can't believe the injustice that television and movie producers continue to ignore our Latino Talent. Three years ago I got so frustrated that my school produced a two hour play "The Farmworkers Son" for our community. The play was very unique in our valley and it ran for two weekends. What a beautiful sight to be able to see young Latino students and adult parents participate in this cultural play. The community cast did an excellent job that the community wanted more plays the following year. I am first generation and I would like to see Latino/Chicano actors on TV in a weekly series. I know we have talent, we are funny, we can be serious and we can certainly be a strong market commodity to many US companies. I enjoy some of the entertainment from the Spanish Univision station but some of the Univision programs show case more Puerto Rico/Cubans performers and not enough first generation Chicanos from California. My only regret as I get older and start thinking about retirement in a couple of years is that our raza did not make progress in the area of films because we never had the opportunity to show- case what we can do. I sometimes dream that after I retire I may take up filming and produce my own Latino films with Latino actors. I know the big screen is ready for us and we can certainly draw movie goers. Please let me know what else I can do to help with this "Cause". Buena Suerte- Keep up the strong effort- let's do it for the future "Latino actors". "Si Se Puede" I agree!!!!

Why is it that Hispanics always play roles of negative characters in movies and TV; while society wonders why the Hispanic youth is so uninspired? Hispanics should be portrayed as the people we really are, hardworking, intelligent, and having the ability to overcome great challenges. I love both LatiNation and American Latino TV and wish there were more shows on TV that positively represent the Latino experience and our impact on American society and the world. Our kids need to see what other Latinos are doing on television in order to know they are not alone, in order to be inspired to take chances, and that it's possible to make their dreams come true. Plus, it's time we started helping each other out- talk about our experiences- the good, the bad, and the ugly so that the next generation may learn from us and do even better. Thanks for listening 'cause we're watching.
